Acting Communications Manager,
American Radio Relay League,
West Hartford, Conn.

Dear OM,

Our WERS group has requested me to obtain from headquarters about 50 copies of "A Manual for the WERS" by George Hart.

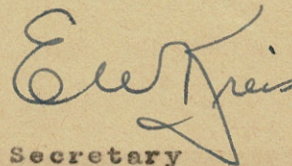

I understand these pamphlets are gratis and we would be thankful if you could send us same, providing they still are available.

In a letter to KBW dated 11-18-44 we informed headquarters of the MRAC's 25th anniversary of affiliation with ARRL. From Mr. Warner's answer of 11-21-44 we quote the following paragraph:

"Many thanks for yours of the 18th. MRAC indeed rates a write-up in QST. I've just spoken to Mrs. Witte and she will be glad to give it space, so I am passing your data over to her for that purpose. January issue, I assume."

As January and February issues have passed without a mention, I wish to call it to your attention, as no doubt the changes in personnel have caused some slip-ups. If you require any additional information feel free to contact the writer.

Yours truly

Secretary
